# SILNICE-ŽELEZNICE

## WHY SILNICE-ŽELEZNICE?

The magazine **SILNICE-ŽELEZNICE** is a trusted platform for professionals from both the academic and commercial sectors engaged in linear infrastructure projects. We enable the sharing of expert knowledge and know-how, thereby strengthening the reputation of institutions, companies, and individuals alike. At the same time, we actively contribute to educating the next generation of professionals.

### Regular sections include:

- ROADS • RAILWAYS • BRIDGES • TUNNELS • URBAN TRANSPORT • WATERWAYS
- PERSONALITIES • DESIGN AND ENGINEERING • ROLLING STOCK AND COMPONENTS
- CONSTRUCTION MACHINERY AND EQUIPMENT • LEGISLATION • EDUCATION
- HR AND CAREER • INDUSTRY INSIGHTS

## WHAT OUR TARGET GROUP THINKS

*"I want to do work that makes sense and helps move the industry forward. I need to inform others about what we're doing."*

## HOW WE RESPOND TO THAT:

**We provide a platform where professionals can present their expertise and references – and through that:**

- Build their reputation in the market
- Gain new contacts or employees
- Educate others within the community
- Inspire and mentor the next generation of professionals

**Together, we shape the future of the industry – with respect and pride.**

## TARGET GROUP & REACH

- Professionals from companies involved in transport infrastructure construction
- Manufacturers and suppliers in the rail industry
- Investors
- Designers and engineers
- Industry associations

## CIRCULATION

- Print run: 4,000 copies
- Readership: approx. 10,500 readers

## FREQUENCY

- 5 issues per year

## DISTRIBUTION

- **Public administration:** Chamber of Deputies of the Parliament of the Czech Republic; government and local authorities; public procurement bodies
- **Construction sector:** large, medium, and specialized construction companies; design offices; architects; subcontractors; universities; professional associations; developers
- **Railway industry:** manufacturers and suppliers; research, design, production, and operations entities
- **Trade fairs, exhibitions, and conferences** relevant to the issue's focus
- **Direct mail** and database distribution
- **Subscribers**

## READER PROFILE BY COMPANY TYPE

- Construction companies – 45%
- Architects and designers – 16%
- Material suppliers – 14%
- Investors – 12%
- Universities and research institutes – 11%
- Others – 2%

The editorial team reserves the right to change topics or deadlines.

We offer our advertisers a **wide selection of modern media formats** to showcase their brand, projects, or products. Beyond traditional **advertising and PR articles**, you can take advantage of our **new editorial sections** – let us present them to you in detail. We're happy to collaborate and create broader thematic features, allowing you to promote your business through commercial partnerships or by co-creating editorial content.

You're invited to participate in the production of **video podcasts** (with promotion across social media, our website, and print magazine) or engaging **video reports from your business environment**. These formats present a unique opportunity to stand out from competitors and connect directly with the key decision-makers for your business.

**Take your brand further and reach those who matter most!**
